

Reality

Project start:

QII 2018

Time needed:

25 - 30 person days

Duration:

6 to 8 weeks

Milestone achieved

in week 47 / 2018

Project start

26 April 2018 at 2 PM

Time needed:

28,5 person days

Duration:

33 days

Milestone achieved

22 November 2018

Pseudo-accuracy

Plan based on WHAT YOU KNOW

ADVANTAGES

Credibility and confidence in the plan

Fewer corrections to the plan

Manual adjustments unnecessary (e.g. adding buffers)

Realistic information

BENEFITS

High user acceptance and adoption level

Minimizes effort and cost

Realistic risk management

Reliable basis for better decisions

You'll always be using the right staff. That much is certain.
